MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Base Realignment and Closure (BRAC) Environmental Restoration Program
Management Plan

1. Reference memorandum, OUSD, 17 Mar 98, subject: Management Guidance for the Defense Environmental Restoration Program.
2. Enclosed is a BRAC Management Plan that outlines the basic principles of the Army BRAC Environmental Restoration Program. It is intended for use at all levels of BRAC environmental restoration program management.
3. The main focus of the BRAC Management Plan is to provide information relevant to the management and execution of the restoration program and outline roles, responsibilities, and procedures. The basis for the BRAC Management Plan is the Management Guidance for the Defense Environmental Restoration Program (ref) which provides guidance, procedures, and responsibilities for the environmental restoration program at operating and closing installations, and formerly used defense sites.
4. Request that the enclosed guidance receives wide dissemination to those directly involved in the Army's BRAC Environmental Restoration Program. Comments regarding this BRAC Management Plan can be directed to the USAEC point of contact, Ms. Karen Wilson, (410) 436-3240/1525 (DSN 584).
5. "Reshaping Today for Tomorrow's Army."
